

**SUPPLEMENTAL INFORMATION**

**STATUS, DISTRIBUTION, AND ECOLOGY OF  
THE MIMIC GLASS LIZARD (*OPHISAURUS MIMICUS*)**

*DIRK J. STEVENSON, KEVIN M. ENGE, JEFFREY C. BEANE, E. PIERSON HILL,  
CHRISTOPHER J. COPPOLA, AND JEFFREY G. HALL*

The following material is provided by the authors and was not subjected to peer review or editing by *Herpetological Conservation and Biology*.

Table S1. Detections of Glass Lizards (*Ophisaurus*) along drift fences in suitable habitats within the presumed range of the Mimic Glass Lizard (*O. mimicus*). Species codes are OMIM = *O. mimicus*, OATT = *O. attenuatus*, OCOM = *O. compressus*, OVEN = *O. ventralis*. Other codes are FWC = Florida Fish and Wildlife Conservation Commission, NWR = National Wildlife Refuge, WEA= Wildlife and Environmental Area, WMA = Wildlife Management Area.

Table S2. Data on each observation or specimen of a Mimic Glass Lizard (*Ophisaurus mimicus*) from Florida. Coordinates of locations are omitted because of the species' imperiled status. Sex: M = male, F = female, J = juvenile, U = unknown. AOR = alive on road; DOR = dead on road. Measurements of snout-vent length (SVL) and tail length (TLL) are in mm. Source acronyms are AUM = Auburn University Museum of Natural History, HM = HerpMapper, LSUMZ = Louisiana Museum of Natural History, MCZ = Harvard University's Museum of Comparative Zoology, UF = University of Florida's Florida Museum of Natural History, UMMZ = University of Michigan's Museum of Zoology, USF = University of South Florida.
